Private walks, evenings around the table, and time for Japanese culture.

Aventra / Japan travel collection

A day shaped around you.

Choose a focused 3- or 4-hour walk, a full 7-hour day with lunch, or a three-hour evening food tour. In Tokyo, Kyoto, Osaka and Kanazawa, your local guide helps you explore at a pace that suits your group.

In Kanazawa, you can also make space for a 90-minute calligraphy or tea experience in a historic temple. These small-group experiences are booked separately.

Our 100% refund guarantee

If the tour does not match what you booked, submit a full-refund guarantee request. Apply within one hour after the scheduled end of your tour, using your booking reference and booking email. Requests are reviewed under the guarantee conditions.

Half-day

3 or 4 hours

A closer look at one side of the city

A good fit for a first introduction, a favourite neighbourhood, or a particular interest. Choose 3 hours for a focused walk; 4 hours gives more room for stops and conversation.

Possible themes: Tokyo highlights and quieter streets; Kyoto temples and traditional lanes; Osaka markets and everyday life; Kanazawa samurai districts, tea-house streets and gardens.

For two: JPY 17,500 / 3h | JPY 24,000 / 4h

Lunch included

The city, with room to pause

Combine landmarks with local neighbourhoods, history or culture, and take a lunch break along the way. The longer format suits guests who want a broader introduction without planning every stop themselves.

An example rhythm: explore one area, pause for lunch, then continue with another part of the city. The actual places and pace are agreed with your guide. Lunch is included; there is no fixed tasting menu.
